

Dealing products everywhere

ABOUT US

Founded in 2012, Prisma International has a team with more than 20 years of experience on the food export market. We focus on the development of the relationship between suppliers and clients all around the world. Our company is characterized by its dynamism and continuous growth in recent years.

Headquartered in Brazil, a country that has emerged as a leading global player in the food industry, with a product range that includes:

Frozen pork meat

Frozen poultry meat

Frozen beef meat

Frozen lamb meat

Frozen seafood

Oils and grains

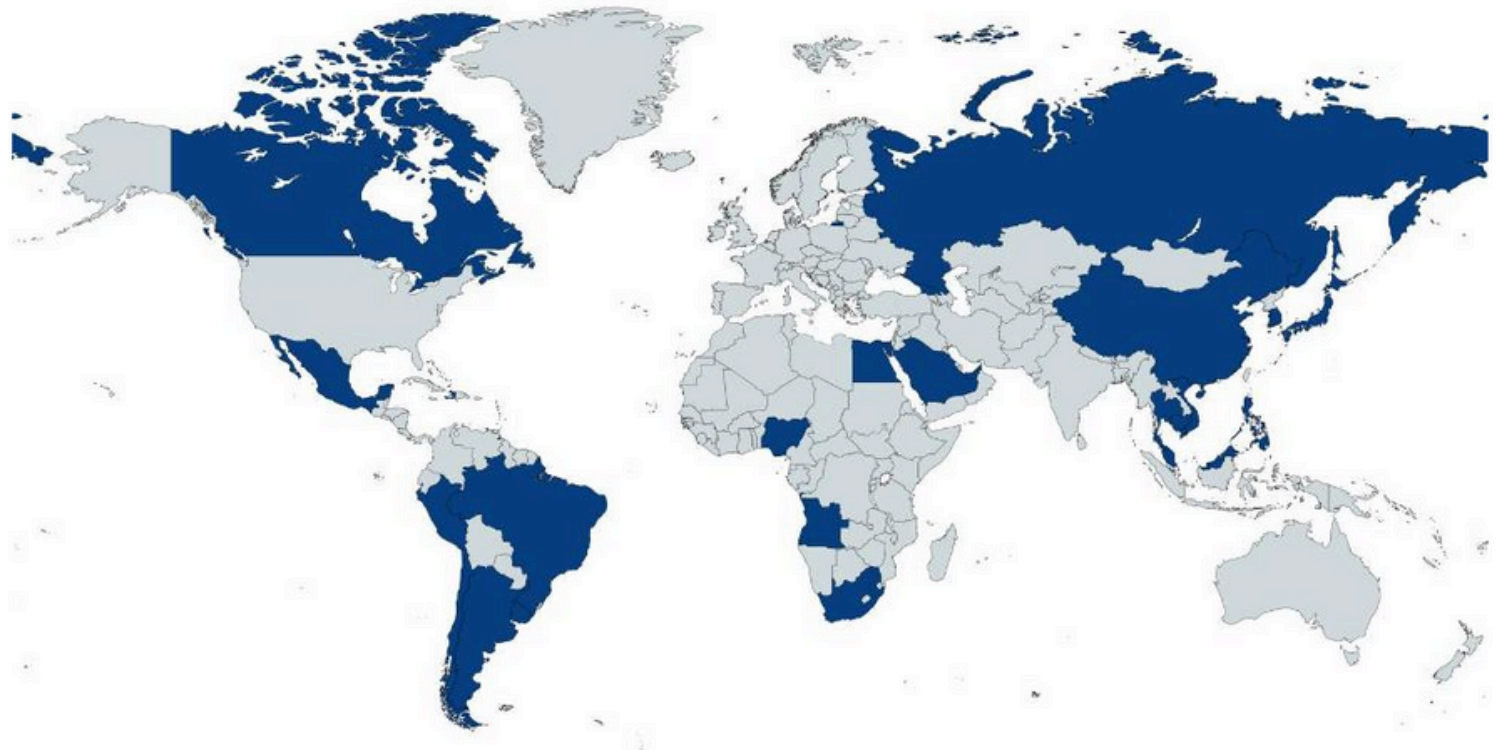

OUR MARKETS

Prisma International's market focus is in Hong Kong and China, Eastern Asia, Latin America, Middle East, Africa and Eastern Europe. We have a great relationship with suppliers from Europe and Latin America, aside from respectable reputation with our Brazilian suppliers which result in our growing exclusive partnership with the plants:

The company has an active role in perceiving the constant changes on the market, always taking part in the most up to date International Fairs and Events. As well as fully committing to our relationships with partners, as a way to show our trustworthiness towards whomever we work with.

Advance Global Food Limited

領先環球食品有限公司

Advance Global Food is a key player in the Hong Kong frozen meat business. The company has provided outstanding service by distributing food to the whole market chain, from small business to wholesale throughout the years. To fully be able to live up to its reputation, Advance Global Food has the support of Prisma International as the representative office in Brazil, building up a partnership that already exists for more than a decade. As the right hand of Advance Global Food, Prisma serves as the link that connects the producer in one hemisphere to the consumer in Hong Kong. Prisma and Advance Global Food are constantly looking for better ways to help customers find valuable solutions by providing a unique and wider range of frozen animal protein products.
